

IS-SOMMER OFFICIAL ANNOUNCEMENT

We are proud to announce from **Monday 11th November 2013** the introduction of our new look.

From this date we will be using our refreshed new logo and will now trade under the name IS-Sommer. As part of the IS-Group of companies we are a franchised distribution and specialist stock provider of interconnect systems, wire, cable, relays and connectors in Germany and Switzerland. We intend to draw on the strengths of the IS-Group with their extensive stock availability, efficient logistics and cross industry technical expertise.

We have made significant investments over the last 12 months in service initiatives, stock resources and customer service advancements. Taking your suggestions from the recently completed Customer Survey (thank you very much to all respondents!) we will continue to look at making further investments throughout the year, so please watch this space for future announcements.

The new company look will be on display at our upcoming exhibition Compamed 2013 in Düsseldorf. If you have any question on the new Sommer brand and attend this exhibition please come and join us at our booth 8AH03 or, alternatively, make contact with one of our sales representatives who will be more than happy to provide you with all necessary clarifications.

May we take this opportunity to thank you for your continued support and remain excited to deliver your new orders with this new branding!

A handwritten signature in black ink, appearing to read 'Alessandro Lala'.

Alessandro Lala
Director
IS-Sommer

Our trading condition will still continue as before and all contact, address and finance details remain the same. The website and email addresses will be updated in line with the brand name but existing addresses will still be active during this transition.
